Currently pursuing a Master degree in Software Engineering and has a 2 years overall experience in Product and Quality Specialist.

Shashank Kamat – 40007283 – shashankkamat20@gmail.com

Experienced Software developer with a passion for coding.

Saravanan Velusamy – 27618786 – saravanancse.v@gmail.com

Currently pursuing a Master degree in Software Engineering.

Game Title : Blackjack

Blackjack is a world-wide popular casino card game which is also known as "Twenty-one". It is a comparing card game between a player and a dealer but not against any other players. The number of decks to be used in this game are either one or more of 52 cards. The main objective of the game is to defeat the dealer[1].
